

Has your job become a work-from-home position? Is your fur baby making life difficult? Well, here at It's A Dog's Life we are always prepared! We are offering \$15 daycare daily, through the end of March, or potentially longer, depending on the outcome of the pandemic, for anyone who has had their employment switched to a work-from-home position. In addition, if you are worried about coming into contact with people, we do have the option of dropping your pet off into the outside fenced in dog run. Once you have dropped your pet off, please call us at (330) 952-2522 and we will bring them into the facility immediately. If necessary, payment for services can then be made at pick-up or via the USPS.

****Please refer to our previous email regarding the safety precautions we are taking with regard to the Covid-19 virus. Just a reminder, should you or anyone that you have been in contact with have the virus or are exhibiting any of the symptoms listed in our previous email, we request that you please refrain from entering the daycare facility. You may arrange to have somebody outside of your household, who has not been exposed and/or affected, drop off your pet instead. Thank you in advance for your anticipated cooperation and understanding.**
