

HALEY

Looking to re-home Haley, an 8 year old rescued dog (see picture below). Haley lived with an 88-year-old woman, who is now having to move to an apartment and is unable to have Haley with her. Haley is good with people, including children. As she was only around children for limited times, it is unknown how she would be with children full time. It is also unknown how she is with cats as she has never been around them. She does have her vaccines and the owner is willing to pay for updated vaccinations needed. Please contact us at medinadogladylady@gmail.com if you are interested in helping out Haley.
